

IPANEMA SECTIONAL

DESIGNED Glyn Peter Machin

The Ipanema sectional combines exceptional comfort with versatility. Endless seating arrangements can be formed by combining the armless chair, armless settee, chaise, and corner chair. (Pictured here with two settees and one each of the chair, corner chair, and chaise.) Stainless steel clips are provided to secure pieces together. The armless chair and settee can also be used independently to create a sleek, armless seating ensemble. All pieces are extra deep for additional comfort and loungeability, and reinforced by marine grade stainless steel accents that are both beautiful and functional. Cushions are constructed from weather friendly Sunbrella® fabric.
